

List of Tables

A. Frequency Tables

B. Cross-tabulated tables

1. Household head

- Table 1 Number of household members (by sex and age)
- Table 2 Region of present residence (by sex and age)
- Table 3 Number of male household members (by sex and age)
- Table 4 Number of female household members
- Table 5 Number of household members (by region of present residence)
- Table 6 Housing type (by sex and age)
- Table 7 Housing type (by region of present residence)
- Table 8 Number of children (by sex and age)
- Table 9 Number of children (by region of present residence, region of birth place, and migration pattern)
- Table 10 Number of children (for those married) (by region of present residence, region of birth place, and other characteristics)
- Table 11 Reasons for migration over the last 5 years (by sex and age)
- Table 12 Reasons for migration over the last 5 years (by sex and region of previous residence, and other characteristics)
- Table 13 Prospects for migration in the next 5 years (by sex, age, and housing type)
- Table 14 Reasons for prospective migration in the next 5 years (for those with prospects for migration) (by sex and housing type)
- Table 15 Region of birth place of children currently living outside the household (by sex and age of children currently living outside the household)
- Table 16 Place of present residence of children currently living outside the household (by sex and age of children currently living outside the household)
- Table 17 Region of present residence of children currently living outside the household (by sex and age of children currently living outside the household)

2. Household head and the spouse

- Table 18 Region of present residence (by sex and age)
- Table 19 Number of prefectures ever lived (including foreign countries) (by sex and age)
- Table 20 Number of prefectures ever lived (excluding foreign countries) (by sex and age)
- Table 21 Number of prefectures ever lived (including foreign countries) (by region of present residence, region of birth place, and other characteristics)
- Table 22 Number of prefectures ever lived (excluding foreign countries) (by region of present residence, region of birth place, and other characteristics)

- Table 23 Experience of living in metropolitan areas (by sex and age)
- Table 24 Experience of living in metropolitan areas (by region of present residence, region of birth place, and other characteristics)
- Table 25 Experience of living the residential regions (multiple answer) (by region of present residence)
- Table 26 Experience of leaving parental home (by sex and age)
- Table 27 Experience of leaving parental home (by region of present residence, region of birth place, and other characteristics)
- Table 28 Reason of leaving parental home (for those who have left parental home) (by sex and age)
- Table 29 Reason of leaving parental home (for those who have left parental home) (by region of present residence, region of birth place, and other characteristics)
- Table 30 Age at leaving parental home (for those who have left parental home) (by sex and age)
- Table 31 Age at leaving parental home (for those who have left parental home) (by region of present residence, region of birth place, and other characteristics)
- Table 32 Place of residence immediately after leaving parental home (for those who have left parental home) (by sex and age)
- Table 33 Place of residence immediately after leaving parental home (for those who have left parental home) (by region of present residence, region of birth place, and other characteristics)
- Table 34 Region of residence immediately after leaving parental home (for those who have left parental home) (by sex and age)
- Table 35 Region of residence immediately after leaving parental home (for those who have left parental home) (by region of present residence, region of birth place, and other characteristics)
- Table 36 Place of residence immediately after first child's entrance to primary school (by sex and age)
- Table 37 Place of residence immediately after first child's entrance to primary school (by region of present residence, region of birth place, and other characteristics)
- Table 38 Region of residence immediately after first child's entrance to primary school (by sex and age)
- Table 39 Region of residence immediately after first child's entrance to primary school (by region of present residence, region of birth place, and other characteristics)
- Table 40 Age at first child's entrance to primary school (by sex and age)
- Table 41 Age at first child's entrance to primary school (by region of present residence, region of birth place, and other characteristics)
- Table 42 Place of residence of non-coresiding father (by age of household head)
- Table 43 Place of residence of non-coresiding father (by characteristics of household

head)

- Table 44 Region of non-coresiding father's residence (by age of household head)
- Table 45 Region of non-coresiding father's residence (by characteristics of household head)
- Table 46 Place of non-coresiding mother's residence (by age of household head)
- Table 47 Place of non-coresiding mother's residence (by characteristics of household head)
- Table 48 Region of non-coresiding mother's residence (by age of household head)
- Table 49 Region of non-coresiding mother's residence (by characteristics of household head)
- Table 50 Place of non-coresiding father's residence (by age of spouse)
- Table 51 Place of non-coresiding father's residence (by characteristics of spouse)
- Table 52 Region of non-coresiding father's residence (by age of spouse)
- Table 53 Region of non-coresiding father's residence (by characteristics of spouse)
- Table 54 Place of non-coresiding mother's residence (by age of spouse)
- Table 55 Place of non-coresiding mother's residence (by characteristics of spouse)
- Table 56 Region of non-coresiding mother's residence (by age of spouse)
- Table 57 Region of non-coresiding mother's residence (by characteristics of spouse)
- Table 58 Experience of living outside region of present residence (by sex and age)
- Table 59 Experience of living outside region of present residence (by region of present residence)
- Table 60 Experience of living outside region of present residence (by present occupation)
- Table 61 Return migration patterns (by sex and age)
- Table 62 Regional migration patterns (by sex and age)
- Table 63 Experience of leaving parental home and mean age at leaving parental home (by sex, birth year, met. / non-met.)
- Table 64 Reasons for leaving parental home (by sex, birth year, met. / non-met.)
- Table 65 Experience of leaving parental home and place of residence immediately after leaving parental home (by sex and met. / non-met.)
- Table 66 Experience of living in foreign countries (by region of present residence)
- Table 67 Place of birth (by region of present residence)

3. All household members

- Table 68 Region of present residence (by sex and age)
- Table 69 Relation to household head (by sex and age)
- Table 70 Health status (by sex and age)
- Table 71 Number of surviving siblings (by sex and age)
- Table 72 Number of surviving elder brothers (by sex and age)
- Table 73 Number of surviving elder sisters (by sex and age)

- Table 74 Number of surviving younger brothers (by sex and age)
- Table 75 Number of surviving younger sisters (by sex and age)
- Table 76 Marital status (by sex and age)
- Table 77 Educational status and type of school (by sex and age)
- Table 78 Type of present school (for those currently enrolled) (by sex and age)
- Table 79 Type of last school (for those who have completed) (by sex and age)
- Table 80 Employment status immediately after completion of last school (by sex and age)
- Table 81 Type of job immediately after completion of last school (by sex and age)
- Table 82 Present employment status (by sex and age)
- Table 83 Type of present job (by sex and age)
- Table 84 Type of job immediately after completion of last school (for those whose employment status is not part-time or unknown) (by sex and age)
- Table 85 Type of job immediately after completion of last school (for those whose employment status is part-time) (by sex and age)
- Table 86 Type of present job (for those whose employment status is not part-time or unknown) (by sex and age)
- Table 87 Type of present job (for those whose employment status is part-time) (by sex and age)
- Table 88 Migration status and year of migration to present residence (by sex and age)
- Table 89 Migration status and year of migration to present residence (by region of present residence, region of birth place, and other characteristics)
- Table 90 Place of previous residence (by sex and age)
- Table 91 Place of previous residence (for those who migrated over the last 5 years) (by sex and age)
- Table 92 Place of previous residence (for those who migrated over the last 5 years) (by region of present residence, region of birth place, and other characteristics)
- Table 93 Region of previous residence (by sex and age)
- Table 94 Region of previous residence (for those who migrated over the last 5 years) (by sex and age)
- Table 95 Region of previous residence (for those who migrated over the last 5 years) (by region of present residence, region of birth place, and other characteristics)
- Table 96 Reasons for migration to present residence (by sex and age)
- Table 97 Reasons for migration (for those who migrated over the last 5 years) (by sex and age)
- Table 98 Reasons for migration (for those who migrated over the last 5 years) (by region of present residence, region of birth place, and other characteristics)
- Table 99 Abridged reasons (7 categories) for migration to present residence (by sex and age)
- Table 100 Principal migrant in migration to present residence (by sex and age)

- Table 101 Principal migrant in migration to present residence (for those who migrated over the last 5 years) (by sex and age)
- Table 102 Principal migrant in migration to present residence (for those who migrated over the last 5 years) (by region of present residence, region of birth place, and other characteristics)
- Table 103 Birth place (by sex and age)
- Table 104 Birth place (by region of present residence, region of birth place, and other characteristics)
- Table 105 Region of birth place (by sex and age)
- Table 106 Region of birth place (by region of present residence, region of birth place, and other characteristics)
- Table 107 Place of residence at completion of junior high school (by sex and age)
- Table 108 Place of residence at completion of junior high school (by region of present residence, region of birth place, and other characteristics)
- Table 109 Region of residence at completion of junior high school (by sex and age)
- Table 110 Region of residence at completion of junior high school (by region of present residence, region of birth place, and other characteristics)
- Table 111 Place of residence at completion of last school (by sex and age)
- Table 112 Place of residence at completion of last school (by region of present residence, region of birth place, and other characteristics)
- Table 113 Age at completion of last school (by sex and age)
- Table 114 Age at completion of last school (by region of present residence, region of birth place, and other characteristics)
- Table 115 Place of residence at first job (by sex and age)
- Table 116 Place of residence at first job (by region of present residence, region of birth place, and other characteristics)
- Table 117 Age at first job (by age and sex)
- Table 118 Age at first job (by region of present residence, region of birth place, and other characteristics)
- Table 119 Place of residence immediately before first marriage (by sex and age)
- Table 120 Place of residence immediately before first marriage (by region of present residence, region of birth place, and other characteristics)
- Table 121 Age at first marriage (by sex and age)
- Table 122 Age at first marriage (by region of present residence, region of birth place, and other characteristics)
- Table 123 Place of residence immediately after first marriage (by sex and age)
- Table 124 Place of residence immediately after first marriage (by region of present residence, region of birth place, and other characteristics)
- Table 125 Place of residence 5 years earlier (by age and sex)

- Table 126 Place of residence 5 years earlier (by region of present residence, region of birth place, and other characteristics)
- Table 127 Place of residence 1 year earlier (by age and sex)
- Table 128 Place of residence 1 year earlier (by region of present residence, region of birth place, and other characteristics)
- Table 129 Number of prefectures ever lived (including foreign countries) (by age and sex)
- Table 130 Number of prefectures ever lived (excluding foreign countries) (by age and sex)
- Table 131 Number of prefectures ever lived (including foreign countries) (by region of present residence, region of birth place, and other characteristics)
- Table 132 Number of prefectures ever lived (excluding foreign countries) (by region of present residence, region of birth place, and other characteristics)
- Table 133 Experience of living in metropolitan areas (by sex and age)
- Table 134 Experience of living in metropolitan areas (by region of present residence, region of birth place, and other characteristics)
- Table 135 Experience of living in residential regions (by region of present residence)
- Table 136 Place of residence at completion of junior high school (by sex and region of birth place)
- Table 137 Region of residence at completion of last school (for those who have completed high school) (by sex and region of residence at completion of junior high school)
- Table 138 Region of residence at first job (by sex and region of residence at completion of last school)
- Table 139 Region of residence immediately before first marriage (by sex and region of residence at first job)
- Table 140 Region of residence immediately after first marriage (by sex and region of residence immediately before first marriage)
- Table 141 Region of residence 1 year earlier (by sex and region of residence 5 years earlier)
- Table 142 Region of present residence (by sex and region of residence immediately after first marriage)
- Table 143 Region of present residence (by sex and region of residence 5 years earlier)
- Table 144 Region of present residence (by sex and region of residence 1 year earlier)
- Table 145 Prospects for migration in the next 5 years (by sex and age)
- Table 146 Prospects for migration and probable destination in the next 5 years (by region of present residence)
- Table 147 Prospects for migration in the next 5 years (by region of present residence, region of birth place, and other characteristics)
- Table 148 Probable destination of migration in the next 5 years (by sex and age)
- Table 149 Probable destination of migration in the next 5 years (by region of present residence, region of birth place, and other characteristics)
- Table 150 Reasons for prospective migration in the next 5 years (by sex and age)

- Table 151 Reasons for prospective migration in the next 5 years (by region of present residence, region of birth place, and other characteristics)
- Table 152 Principal migrant in prospective migration in the next 5 years (by sex and age)
- Table 153 Principal migrant in prospective migration in the next 5 years (by region of present residence, region of birth place, and other characteristics)
- Table 154 Region of residence 5 years earlier (by place of residence at completion of last school)
- Table 155 Region of residence 5 years earlier (by age at completion of last school)
- Table 156 Region of residence 1 year earlier (by place of residence at completion of last school)
- Table 157 Region of residence 1 year earlier (by age at completion of last school)
- Table 158 Experience of living outside region of present residence (by sex and age)
- Table 159 Experience of living outside region of present residence (by region of present residence)
- Table 160 Experience of living outside region of present residence (by present occupation)
- Table 161 Probable destination of prospective migration in the next 5 years (by sex, age, and prospects for migration)
- Table 162 Reasons for prospective migration in the next 5 years (by sex, age, and prospects for migration)
- Table 163 Principal migrant in prospective migration in the next 5 years (by sex, age, and prospects for migration)
- Table 164 Share of intra-prefectural migration out of total migration (by age)
- Table 165 Region of birth place (for those currently living in Tokyo area) (by sex and age)
- Table 166 Reasons for migration to present residence (over the last 5 years) (by sex and age)
- Table 167 Reasons for migration to present residence (over the last 5 years) (by sex and place of previous residence)
- Table 168 Prospects for migration in the next 5 years (by metropolitan area)
- Table 169 Prospects for migration in the next 5 years (by age, sex and place of residence 5 years earlier)
- Table 170 Experience of living in foreign countries (by sex and age)
- Table 171 Experience of living in foreign countries (by region of present residence)
- Table 172 Return migration patterns (by sex and age)
- Table 173 Return migration patterns (by sex and region of birth place)
- Table 174 Return migration patterns (by sibling composition)
