PREFACE

In this report are presented the results of basic tabulation of 1970 Population Census for whole Japan and the primary results for prefectures. Among the statistical tables, are based on the complete count those concerned with age, sex, marital status, legal nationality, time of last move, locality of previous residence, education, fertility, labour force status, households and housing; and are based on the twenty percent sample tabulation those concerned on industry, occupation and socio-economic classification.

Beside this report, as the reports of 1970 Population Census, Volume 1 "Total Population" and Volume 3 "Prefecture and Municipalities" (46 separate parts) containing the results of basic tabulation for each prefecture and each municipality have been published already. Furthermore, Volume 6 "Commutation" (10 separate parts) is to be published this month, and Volume 4 "Census Tracts", Volume 5 "Results of Detailed Tabulation" and Volume 7 "Internal Migration" will be published successively thereafter.

Also, the Abridged Reports, containing summary tables and descriptions of findings on the census results not only for whole Japan but also for each prefecture, the Population Maps, and the Reference Reports of 1970 Population Census are being published in series respectively.
