Office of the Prime Minister

## PREFACE

In this report are presented the results of the complete count concerned with labor force status, industry, occupation and class of worker for all Japan, which were covered in the Population Census taken as of October 1, 1955. Of other results of the tabulation for all Japan, those related to sex, age, marital status, nationality, household and housing constitute Volume III, Part 1, which has already been published.

The 1955 Population Census has three volumes of report already published: Volume I, Total Population; Volume II, One Percent Sample Tabulation; and Volume V, Report by Prefecture.

Volume IV will be published to present the results on the place of work. The explanation and analysis of the figures for the one percent sample as well as the complete count will be given in Volume VI as the final report.
