## PREFACE

In this report are presented the results of the complete count concerned with all Japan in the Population Census taken as of October 1, 1960. The Volume 3, All Japan consists of three volumes as follows :

- Part 1. Age, Marital Status, Legal Nationality, Migration, Education, Fertility, Labor Force Status, Industry, Occupation, Household and Housing  
(Part 1 involves national counts that correspond to prefectural counts in the Volume 4)
- Part 2. Industry and Place of Work or Location of School
- Part 3. Usual Place of Residence and Place of Work or Location of School

The 1960 Population Census has three volumes of report already published : Volume 1, Total Population, Volume 2, One Percent Sample Tabulation (6 parts) and Volume 4, Report for Prefecture (46 parts). This Volume 3, All Japan is the last publication as 1960 Population Census Report as it was announced in Volume 1.

However, the ten percent sample tabulation is now being undertaken to provide special statistics which have not been tabulated in the one percent sample tabulation nor in the complete counts. The results of the ten percent sample tabulation will be compiled in a special report. On the other hand, another one percent sample tabulation is now under planning to present more elaborate statistics on household regarding the 1955 and 1960 Population Censuses, the results of which will be also compiled in a special report.
