Note

- Do not include the numbers of household members and their engagement days of [2] on page 2 and 3 in permanent and temporary employment.
- Engagement days include management labor.
- Temporary employment includes agricultural trainees and mutual help among farm households (labor exchange).

Note

- Enter current land category and land area and not the land category and land area on a land register.
- Enter the information which includes the land in other municipalities other than the land in the place of your residence.
- The land that the current state is not a cultivated land and has turned into an uncultivated land is excluded.
- "Abandoned cultivated land" refers to a land that has not been cultivated (without fertility management) for over a year, which is not expected to be cultivated in the future. Moreover, do not include the land that has turned into an uncultivated land.
- "Leased" and "Rented" include a contract without consideration.
- Enter information in "Leased" when the management is practically entrusted to the renter.
