Survey Form No. 3

2018 Census of Fisheries

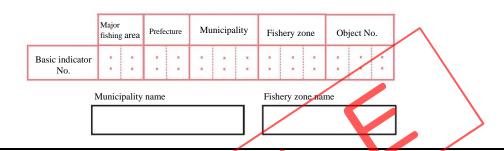

Marine Fisheries Survey

Questionnaire for Marine Fishery Community

As of 1 November 2018

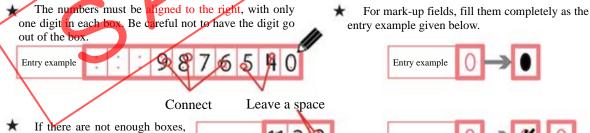

This is a government statistical survey based on the Statistics Act. The confidentiality of the questionnaire information is protected by all possible means.

 This survey aims to grasp activities on resource management/fishing ground improvement, community activation, etc. in fishery zones nationwide, and prepare basic data necessary for the promotion of the fisheries policies.

Please understand the purpose and cooperate in the survey.

- Before filling in, please read carefully the "How to Fill in the Questionnaire for Marine Fishery Community."
- Use a pencil or mechanical pencil with black lead. If you make a mistake, use an eraser to erase the incorrect answer completely.

If there are not enough boxes, enter the remaining digits together in the leftmost box.

Entry example 11 2 3

- Please answer the questionnaire for the past year from 1 November 2017 to 31 October 2018.
- The questionnaire can also be filled in and submitted online.

For how to answer online, please refer to the "Online Survey System Operation Guide."

A **fishery zone** is a zone in which fishery is conducted commonality of socio-economic activities related to the use of local fisheries centered on common fishery conditions and common fishery rights, etc. within the municipality area.
