Questionnaire for Cold Storage/Refrigerating Plants and Fishery Processing Plants

As of 1 January 2019

政府統計

This is a government statistical survey based on the Statistics Act. The confidentiality of questionnaire information is protected by all possible means.

	Major fishing area	Prefecture	Municipality	Survey district	Fishery zone	Object No.	Municipality name	Fishery zone name
Basic indicator No.								

- This questionnaire will not be utilized for purposes other than producing statistics, and the individual results will not be divulged externally nor used as taxation means, etc. It is also stipulated by the law to protect the confidentiality of the information provided. Therefore, you are required to enter the items how they are.
- Before filling in, please read carefully the "How to Fill in the Questionnaire for Cold Storage/Refrigerating Plants and Fishery Processing Plants."
- Use a pencil or mechanical pencil with black lead. If you make a mistake, use an eraser to erase the incorrect answer completely.

  ★ The numbers must be aligned to the right, with only one digit in each box. Be careful not to have the digit go out of the box.

  ★ For mark-up fields, fill them completely as the entry example given below.

  Entry example 9 8 7 6 5 4 0

  Entry example 0 → ●

  ★ If there are not enough boxes, enter the remaining digits together in the leftmost box.

  Connect Leave a space

  Entry example 11 2 3

  Bad example 0 → ✔ ⊙

- In this questionnaire, there are some parts to be answered as of 1 January of this year (2019), parts to be answered as of 1 November of last year (2018) and parts to be answered for the past year. In the case of the past year, answer for the period of one year from 1 January to 31 December 2018.

● The questionnaire can also be filled in and submitted online.

  For how to answer online, please refer to the "Online Survey System Operation Guide."

SAMPLE

Start filling in from here

1. Mark whichever is applicable.

	Not corporate entity	Corporate entity
401	0	0

2. In the case of corporate entity, enter the corporate number (13 digits).

402													

This information on corporate number is used for the improvement of accuracy and efficiency of statistics.
Be careful not to enter the individual number (12-digits).

I. Outline of business entity

1. Mark all applicable businesses that the business entity engaged in during the past year (from 1 January to 31 December 2018).
   In addition, mark the business with highest income.

> **Refrigerated warehouse** business is a business to store deposited products in cold storage/refrigerating facilities based on the Warehousing Business Act (Act No. 121 of 1956).
> **Fishery product wholesale** business is a wholesale business that receives consignment fishery products for sale or purchases fishery products from shippers.
> **Fishery product intermediate wholesale/brokerage** business is a business that purchases fishery products from wholesalers and sells them to retail stores, etc.
> **Fishery product retail** business is a business that purchases fishery products from fishery product intermediate wholesalers/brokers and sells them to consumers.

		Refrigerated warehouse	Fishery processing	Fisheries/aquaculture	Fishery product wholesale	Fishery product intermediate wholesale/brokerage	Fishery product retail	Others
Business(es) engaged in (mark all applicable businesses(es))	101	0	0	0	0	0	0	0
Business with the highest income (mark only one business)	102	0	0	0	0	0	0	0

2. Enter the number of workers in the business entity as of 1 November 2018.

		Male (Person)			Female (Person)		
Full-time worker(s)	111						
Employee(s) (included)	112						
Other(s)	113						

			(Person)		
Foreigner(s) (included)	Full-time worker(es)	114			
	Other(s)	115			

> **Full-time worker** is a person who falls under any of the following [1] to [4], excluding business owners who are not involved in actual duties, or workers/trainees transferred/dispatched to other companies, etc.:
> [1] Individual business owner or family member who works without pay
> [2] Paid executive (person covered by the executive pay/remuneration system)
> [3] Employee (person who receives wage/salary including payment in kind)
>   • Person in an executive position but covered by the same wage/salary system as employees, not the executive pay/remuneration system
>   • Person who is engaged for an undetermined period
>   • Person who is engaged for a period of one month or more
> [4] Person who is engaged through transfer or dispatch
>   • Person who is engaged for a period of one month or more
> **Employee** is a full-time worker who fall under [3] "Employee."
> **Other** is a worker other than full-time worker.
>   • Person engaged in duties for a time period set to less than one month
>   • Person hired on a daily basis (day worker), etc.
> In the **Foreigner** field, enter the number of foreigners included in "Full-time worker" and "Other", respectively.
> **Foreigner**s engaged in skill acquisition activities or works requiring the acquired skills based on the employment contract under the Technical Internship Program for foreigners are included in workers, but those who are in the period of knowledge acquisition activities through seminars are not included in workers.

SAMPLE

II. Cold storage/refrigerating plants

Please fill in this page if following condition apply.
If not, proceed to the next page.

> The target is a business entity that stored fishery products in low-temperature or refrigerated fishery products in own cold storage/refrigerating facilities with 10 horsepower (7.5 kw) or more in the past year (from 1 January to 31 December 2018).
>
> In addition to the refrigerated warehouse, case where a fishery processing plant stored processing materials and products in self-used cold storage/refrigerating facilities with 10 horsepower (7.5 kw) or more are also included.

1. Regarding the use of cold storage/refrigerating facilities of the business entity, mark the one that applies.

> **Business use** refers to refrigerated warehouses used to store fishery products with a business license based on the Warehousing Business Act. It includes the plants that only handled own products if it is covered by the Warehousing Business Act.
> **Self-use** refers to refrigerated warehouses used to store fishery products not covered by the Warehousing Business Act. It includes the plants that handled deposited products but not covered by the Warehousing Business Act.

	Business use	Self-use
201	◯	◯

SAMPLE

2. Regarding the users of cold storage/refrigerating facilities of the business entity in the past year, mark all that apply.
   In addition, mark the user with the highest warehousing volume.

> **Fishery cooperative, etc.** includes fishery cooperatives, fishery production associations and federations of fishery cooperatives.
> **Fisherman** includes individuals as well as corporations such as companies, etc.
> **Fishery processing cooperative, etc.** includes fishery processing cooperatives, federations of fishery processing cooperatives and other processing cooperatives (business cooperatives, enterprise cooperatives, etc.).
> **Processor** includes individuals as well as corporations such as companies, etc.

		Deposited products							Own products
		Fishery cooperative, etc.	Fisherman	Fishery processing cooperative, etc.	Processor	Wholesaler	Purchaser	Others	
User(s) (mark all applicable user(s))	211	◯	◯	◯	◯	◯	◯	◯	◯
User with the highest warehousing volume (mark only one user)	212	◯	◯	◯	◯	◯	◯	◯	◯

3. Enter the cold storage capability (capacity in tons) of cold storage/refrigerating facilities of the business entity and the daily freezing capability in ton units as of 1 January 2019.

		(Tons)
Cold storage capability	221	

		(Tons/day)
Freezing capability	222	

(Conversion rate of the cold storage capability)   1 m³ = 0.4 tons

III. Fishery processing plants

The target is a business entity that processed fishery products as raw materials for the purpose of sales in the past year (from 1 January to 31 December 2018).

In case that business entity/household engaged in fisheries that own workspace, etc. for processing and employ full-time workers are also included in the survey targets.

* Processed fishery products are processed foods, frozen fresh fishery products and feeding stuff/fertilizer, etc. manufactured using fish and aquatic animals and plants as main raw materials (the percentage of raw materials of 50% or more).

1. Regarding all processed fishery products produced by the business entity in the past year, enter the production volume in kg units by product type.

			301 Production volume (kg)			301 Production volume (kg)
Fish pastes	Steamed fish pastes ("Kamaboko")	①		Boiled and dried sardine ⑰		
	Fish hams and sausages	②		Dried rice fish ⑱		
Frozen foods	Seafoods Crabs	③		Boiled and dried sand eel/young sand lance ⑲		
	Seafoods Others	④		Dried adductor muscles of shellfish ⑳		
	Cooked fishery food	⑤		Boiled and dried products Others ㉑		
Natural dried products	Calamari	⑥		Salted sardine ㉒		
	Sardine	⑦		Salted mackerel ㉓		
	Others	⑧		Salted preserved products Salted salmon/trout ㉔		
Salted dried products	Dried sardine	⑨		Salted cod, Alaska pollock ㉕		
	Dried horse mackerel	⑩		Salted saury ㉖		
	Dried saury	⑪		Others ㉗		
	Dried mackerel	⑫		Smoked product ㉘		
	Dried flounder	⑬		Canned and bottled product ㉙		
	Dried Atka mackerel	⑭		Agar ㉚		
	Dried sandfish	⑮		Oil/fat ㉛		
	Others	⑯		Feeding stuff and fertilizer ㉜		

4

				301 Production volume (kg)
Dried bonito	Cured foods	Dried bonito	33	
		Boiled and half-dried bonito	34	
		Dried Mackerel	35	
		Others	36	
	Dried fish shavings	Dried bonito shaving	37	
		Others	38	
Other processed foods		Fermented squid	39	
		Pickled fishery product	40	
		Kelp tsukudani	41	
		Dried/roasted/fried product (squid product)	42	
		Others	43	
Frozen fresh fishery products		Frozen tunas	44	
		Frozen skipjacks	45	
		Frozen salmons/trouts	46	
		Frozen sardines	47	
		Frozen horse mackerels/scads	48	
		Frozen mackerels	49	

				301 Production volume (kg)
Fresh fishery products (continued)		Frozen saury	50	
	Frozen cods	Frozen pacific cod	51	
		Frozen Alaska pollock	52	
		Frozen Atka mackerel	53	
		Frozen sand eel/young sand lance	54	
		Frozen sandfish	55	
		Frozen sea bream	56	
		Frozen common scallops	57	
		Frozen squids	58	
		Frozen crabs	59	
		Frozen oysters	60	
		Other frozen fishes/fishery products	61	
	Frozen fish pastes	Alaska pollock	62	
		Sardine/mackerel	63	
		Atka mackerel	64	
		Others	65	

SAMPLE

Enter the number of sheets as converted into sheet laver (raw material). → Roasted/flavored laver | 66 | | 100 sheets

2. Enter the top annual sales of processed fishery product among all processed fishery products produced by the business entity in the past year by selecting one from ① to ⑥⑥ in 1. above.

Top annual sales of processed fishery product	311	

3. Regarding the sales amount (including consumption tax) of processed fishery products by the business entity in the past year, mark the one that applies.

In case that the entity sold products other than processed fishery products, mark the one that applies corresponding to the sales amount (including consumption tax) of only processed fishery products within the total sales amount (including consumption tax).

In case of "1 billion yen or more," enter the actual amount.

	Less than 1 million yen	1 to less than 5 million yen	5 to less than 10 million yen	10 to less than 50 million yen	50 to less than 100 million yen	100 to less than 500 million yen	500 million to less than 1 billion yen	1 billion yen or more
321	0	0	0	0	0	0	0	0

(100 million yen)

322	:	:	:	:

Enter the amount rounded to the unit of 100 million yen.

In case that processed fishery products were provided to other business entities of same company as processing material, estimate that amount as the sales amount.

4. Regarding the shipping destinations of processed fishery products of the business entity in the past year, mark all that apply.

Distributor is an entity that ships products to wholesalers, etc. domestically.

Retailer is an entity that ships products to a supermarket (including a mass retailer), co-op, and fresh fish store, etc.

Private sales/fisherman's market is a work to sell products directly in own store/by mail order/through the Internet shopping/peddling, etc. It includes cases of selling products in a rented space in a fisherman's market/roadside station, etc.

Overseas (export) is a work to ship (export) products to overseas through trading company and organization, etc.

	Domestic								Overseas (export)
	Cooperatives such as fishery cooperatives and fishery processing cooperative, etc.	Processor	Distributor	Retailer	Food service industry/ food delivery service, etc.	Wholesale market/cargo handling facility	Private sales/fisherman's market	Others	
331	0	0	0	0	0	0	0	0	0

5. Regarding the status of purchasing raw materials (aquatic animal and plants) in the business entity in the past year

(1) Regarding the rate (based on weight) of domestic products in raw materials, mark the one that applies.

(2) Regarding the suppliers of domestic raw materials purchased in the business entity, mark all that apply.

	All domestic	70% or more	50 to less than 70%	30 to less than 50%	Less than 30%	All imported
341	0	0	0	0	0	0

In case that these are selected, answer (2).

	Fisherman	Fishery cooperative	Others
342	0	0	0

Fishery cooperative includes the case of purchasing products from a fish market established by a fishery cooperative.

Other includes the case that a business entity/household engaged in fisheries catches/harvests materials by itself.

End of survey. Thank you for your cooperation.
